SAVE THE DATE APPOINTMENT AT LINEAPELLE MILANO

September 19th-21st, 2023

Pad. 24 Stand C18-C20

Fieramilano Rho, Mila

The new trends in fashion and technical footwear signed Nastrotex-Cufra at the next edition of LINEAPELLE, the International Fair to be held in Milan between September 19th and September 21st, 2023, at stand C18-C 20, Hall 24.

Nastrotex-Cufra presents an AW 24-25 collection in the name of essentiality and sustainability: evergreen elastic tapes, rejuvenated with touches of color, embossed screen prints, sequins and faux leather padding, embellished with handcrafted prints with stitchlike effects. Nothing extravagant, pure simplicity that lasts and never goes out of style. Much of the proposed elastic footwear tapes are eco-friendly: Nastrotex-Cufra's concern for the environment translates into a truly eco-friendly collection with a selection of elastic tapes made from natural fibers and from recycled polyester, certified GRS (Global Recycled Standard).

To book an appointment at the booth call +39 0363938167 or write to info@nastrotex-cufra.it;

NASTROTEX
