**CARBON ELASTIC TAPES and PFC free TAPES signed Nastrotex-Cufra at international trade fair in Munich**

The new elastic tapes with carbon yarn and PFC free tapes, signed Nastrotex-Cufra, will be presented at the upcoming edition of PERFORMANCE DAYS, the international trade fair dedicated to the sustainable sourcing of functional fabrics and accessories to be held in Munich on the 4<sup>th</sup> and 5<sup>th</sup> of October 2023.

Nastrotex-Cufra will present the new AW 24-25 and SS 25 collection in the name of essentiality and sustainability for the world of technical sportswear and footwear. N42 CARBON is the product of special quality: it is a new elastic tape made with Carbon yarn, which offers excellent performance as well as antibacterial, antistatic and regulate body heat and moisture, better strength and durability.

Nastrotex-Cufra's other proposals include eco-friendly treated PFC free tapes and elastics, i.e., processed with water repellent treatments, which do not contain perfluorocarbons (highly environmentally polluting chemicals), and elastic tapes made from natural fibers and recycled polyester, which are GRS (Global Recycled Standard) certified.
